

LINK - IN

WE CHANGE SEATING
ENVIRONMENT®

LINK - IN is a multi-purpose chair that specifically designed with a built-in leg profile structure that offers “one solution” for both the linking & stacking requirements. Handy, comfortable & sturdy, it is extremely simple & quick for Link-in to be set up in horizontal formats by linking them together. When not in use, it can be stacked up vertically in straight line format for storage purpose.

All these special features make Link-in a unique chair, not just adding personality but also bringing life to the environment due to its elegant & contemporary appearance.

A bold statement of balance, proportion & sophistication.

Can be stacked up to 18 units high vertically for storage purpose.

A custom-made trolley can easily lift & carry a stack of 10 units from ground to anywhere you want to...

From conference area to stylish event hall,
from educational setting to cool café,
Link-in covers it all.....

LINK-IN featuring its simple & quick connection process within seconds
